

DELLAPASQUA DC13 ELITE HARDTOP

Aggressive, performing & comfortable;

She combines the tradition with the innovation

The bottom works represent the “tradition”: deep-V-shaped bottom as main and unquestionable characteristic of all Dellapasqua fleet. The upper works represent the “modernity”: the lines are aggressive, like a true racer, but also soft and harmonious, so you will never get tired of them. The hard top and stern garage opening system represent the “innovation”: the technology will make your stay relaxed.

The outside has been carefully planned: you will be able to sunbathe on the huge and comfortable stern and fore cushions or have a rest and a drink on the big sofa, in the dinette sheltered by a futuristic roof that can be opened electrically and with luminous windows having tapered lines. Thanks to the large and safe gangways, you will go without hesitations from the bow to the stern platform, incredibly huge, ideal for your playtime.

Cozy and comfortable at inside, with big rooms and high - class fittings, the interior can be nothing but refined and inviting.

The DC 13 Elite is the right yacht to live the sea every day: she can give you unforgettable moments during long and quiet sea voyages.
